Starting August 2017

Applications Programmer Associate | Progressive Insurance | Mayfield, Ohio

May 2015 – Present

Repair Technician | Tech Help: Service & Repair Center | Kent, Ohio

At Kent State's on-site technology service center, I work alongside fellow technicians to provide computer repair service. I have performed many services including network troubleshooting, hardware repair, virus removal, liquid cleaning, data backup, and operating system installation.

May 2016 – August 2016

Mobile Applications Programmer Intern | Progressive Insurance | Mayfield, Ohio

At Progressive's headquarter location in Mayfield, I worked with a small team developing the company's mobile application. Using AGILE development practices, we worked to add features and fix bugs in the iOS and Android applications. My main responsibility was to develop interstitial page notifications to use in notifying customers about changes in the app or available discounts. Additionally, I was asked to develop a prototype Apple TV application that could help Progressive reach a previously unexplored market.
